Introduction of trading up to 5 minutes before delivery on the German Continuous Intraday Market

As of **13 June 2017** EPEX will offer trading until 5 minutes before delivery on the German Intraday Market within one German TSO delivery area.

EPEX will setup for this purpose specific hourly, half-hourly and quarter-hourly contracts which will processed and reported by ECC using the existing ECC product groups as follows:

Fieldname	Value
EPEX_IT_POWER_AMP	German Power Intraday - Amprion
EPEX_IT_POWER_ENBW	German Power Intraday - Transnet BW
EPEX_IT_POWER_TNTG	German Power Intraday - TenneT DE
EPEX_IT_POWER_50HZ	German Power Intraday - 50Hertz

The settlement processes remain unchanged and trading participants who are already admitted for trading at the EPEX Intraday Market are automatically able to make use of that service.
