

Process Adjustment Emissions Transfers

From **15 August 2019**, transfers of emission rights from ECC to your Union Registry account will be possible as of 11.30 am.

ECC has shortened the time for transfer suspension by Clearing Members by half an hour from 12.00 pm to 11.30 am in order to react to customer requests for the expansion of time for own transfers within the Union Registry. The transfer period for transactions is specified, so your Clearing Member can request ECC to suspend deliveries to secure as yet unfulfilled liabilities. This improvement also affects same-day transfers and applies equally, whereas deliveries in the internal accounts remain unchanged at 08.30 am.

For further information, please visit our [website](#) or contact us directly via our Physical Settlement hotline. We would be happy to assist.
