1. General Information

Pursuant to Article 8(1) Regulation (EU) No 1227/2011 ("**REMIT**"), market participants within the meaning of REMIT have to provide the Agency for the Cooperation of Energy Regulators ("**ACER**"), *inter alia*, with a record of their wholesale energy market transactions, including orders to trade, executed at an organised market place ("**OMP**").

Pursuant to Article 8(1a) REMIT, European Energy Exchange ("**EEX**") as OMP is obliged to make order book data on behalf of their participants ("**Market Participants**") available to ACER in accordance with Implementing Regulation (EU) No 1348/2014 ("**Implementing Regulation**"). Thereby, EEX will fulfil the obligations of Market Participants under Article 8(1) REMIT relating their trading activities on EEX.

As the data must be provided through a registered reporting mechanism ("**RRM**"), EEX will make the data available to ACER through European Energy Exchange AG ("**EEX AG**"), who is registered with ACER as RRM. It is, therefore, required and also mandatory under the EEX Exchange Rules, that Market Participants conclude this REMIT Data Services Agreement ("**Agreement**") with EEX AG at least for the Basic Service.

The data in scope of the REMIT Data Services will only include information that is to be reported on behalf of Market Participant under Article 8(1) of REMIT in accordance with the Implementing Regulation or any other applicable local regulation or regulatory request either implementing or referring to REMIT and/or Implementing Regulation.

Please note that for the OMP EEX, the submission of a completed form leads to an agreement between the Market Participant and EEX AG as the Contracting Party:

OMP	Market Segment	MIC	Contracting Party
EEX	EEX Power	XEER	EEX AG
	EEX Gas	XPSF	

A completed and duly signed Agreement shall be returned to: reporting-services@eex.com.

A termination for any reason of the membership of the Market Participant with EEX leads to the automatic cessation of the respective REMIT Data Service.

3.3 Provision and verification of information / Responsibility for unrequested information
