

## New Go-live for Polish Intraday Market

### Summary

In cooperation with EPEX SPOT, ECC will extend its clearing services in the Intraday market to Poland to further complete its pan-European power spot clearing offering.

The first trading day for the Polish Intraday Continuous product will be on the **2 February 2022**.

For more details on the upcoming Polish Intraday products please have a look in ECC's Clearing Circular 44/2021 which includes information about the Polish Intraday Continuous products groups, the precondition for admission, details on the nomination process, trading limits, margining and reporting.
