## Clearing Process

### General

The transactions will be imported into the EUREX clearing system and integrated into the standard clearing processes for derivatives contracts. Transactions are included in the EUREX data streams and in the EUREX reports. In addition, transactions can be retrieved via the ECC Member Area after 9:30 am CE(S)T on the next ECC business day. Please be aware of the specifics for the processing of transactions in Japanese Power Future. Please refer to Clearing Circular 7/2020 – Introduction EEX Japanese Power Futures for more information.

The transactions are processed in the ECC settlement system SMSS for invoicing purposes using the product groups mentioned above.

## Financial settlement

All products are settled financially in EUR, GBP or JPY respectively. For the open positions at the end of each ECC business day a variation margin is calculated using the settlement prices obtained from EEX. The settlement prices are published in the C7 system at approximately 7:00 pm CE(S)T on each ECC business day.

Please be aware of the specifics for the financial settlement of Japanese Power Future. Please refer to Clearing Circular 7/2020 for more information.

## Initial Margining

For open positions, an initial margin will be calculated on each ECC business day according to ECC's standard methodology. Margin parameters are updated and published in the SPAN<sup>1</sup> parameter file on the ECC website.

The initial margin requirements will be reported in the SPAN margin class in the Report CC750 Daily Margin.

## Fees and Invoicing

The following standard clearing fee applies according to the ECC price list.

Product	ECC Clearing Fees
<b>New EEX Power and Natural Gas Futures</b>

<sup>1</sup> SPAN® is a registered trademark of Chicago Mercantile Exchange Inc., used herein under license. Chicago Mercantile Exchange Inc. assumes no liability in connection with the use of SPAN by any person or entity.

EEX Japanese Power Month Futures	1.00 ¥/MWh
EEX French Power Month Futures	0.005 €/MWh
EEX Freight Options	1.40 \$/day

## EMIR Reporting

Please note that EEX future contracts must be reported according to EMIR Article 9. Therefore, ECC's EMIR Data Services will automatically be extended to these products.

## Preconditions for Participation

### Clearing Members

The ECC clearing licence for Clearing Members already covers clearing of these futures and options. For EEX Tokyo Area Power Futures, Clearing Members need to be able to settle products in JPY, for EEX NBP EGS Natural Gas Futures in GBP.

### Non-Clearing Members

Trading Participants who are already approved for participation in the existing product groups will automatically receive access to the product extensions and additional expiries. Clearing Members are kindly requested to check the product assignments and quantity limits for their NCMs accordingly.

For access to the new products EEX-PXE Croatian Power or EEX NBP EGS Natural Gas, the respective product extension requests must be submitted by email by an authorised contact to EEX ([membership@eex.com](mailto:membership@eex.com)).

Please contact EEX Customer Care ([membership@eex.com](mailto:membership@eex.com) or +33 (0)1 70 36 33 42) or ECC Member Readiness ([memberreadiness@ecc.de](mailto:memberreadiness@ecc.de) or +49 341 24680-261) in case of any questions regarding the admission process.

### Indirect Clients

EEX Futures and Options are available for trading and clearing without the need for direct membership. Please contact an ECC Clearing or Non-Clearing Member to discuss indirect access possibilities.
