Discontinuation of EURO Coal Futures

The EURO Coal product suite will be discontinued after end of trading on 26 February 2016. This includes the deactivation of the following products:

- FE2M, FE2Q, FE2Y: API 2 CIF ARA Futures denominated in EUR
- FE4M, FE4Q, FE4Y: API 4 FOB Richards Bay Futures denominated in EUR

The products will remain available in the ECC derivative clearing system until technical deletion. The products will not be available anymore for Trade Registration.

The respective information in the ECC Clearing Specification within the chapter “Contract Specification for Futures on Coal” is already updated.
