General information

In preparation for the production launch of Eurex Clearing's C7 Release 3.0 on Monday, 9 May 2016, an extended **Frozen Zone from 25 April 2016 to 13 May 2016** has been determined.

During the following time periods, it is prohibited to execute any of the following processes in the production environment (non-exhaustive list):

- 25 April - 13 May 2016:
No possibility to change infrastructure and connectivity including internet (e.g. bandwidth change, new connection, cancellation of connection etc.)
- 2 May - 13 May 2016:
No change of reference data possible (e.g. account changes, member or user change, change of Clearing Member, cancellation of membership, new membership, etc.)
- 4 May - 9 May 2016:

The DBAG Member Section Portal will not be available during this period of time.

We kindly request you to take this information into account for your further planning. For a timely processing all members are urgently requested to apply for any changes or new set-ups well in advance of the Frozen Zone or schedule such changes afterwards. In special cases which may require the change of reference data in this period please contact clearing@ecc.de for assistance and further information. The DBAG Member Section portal will be re-activated already on 10 May 2016 whereas all other services will be resumed after the Frozen Zone from 14 May 2016 onwards.
