Scheduled Maintenance of ECC's clearing system SMSS

### Summary

From

**Saturday, 12 November 2016 19:30 p.m. until**

**Sunday, 13 November 2016 0:30 a.m.,**

the ECC clearing system SMSS will not be available due to scheduled maintenance work. This includes the non-availability of report downloads and ECC Member Area access.

Please ensure to collect all necessary information before start of the maintenance work, all data and reports will be available again after the maintenance is finished.

With the scheduled maintenance ECC introduces enhancements on the Self Service Limits Maintenance. A new duplicate control should prevent a multiple limit creation for the same NCM per Limit Definition. In addition ECC optimized the display of Trading Limit information in the Overview window. Details can be found in ECC Member Area user guide on ECC website.
