

Splitting of SMSS Product Group EEX_FT_POWER_DWE_EURO

ECC will split the SMSS Product Group EEX_FT_POWER_DWE_EURO – which is used for invoicing purposes and transaction reporting via ECC member area – into two product groups with effect from 1st August 2018 in order to increase transparency.

The new groups are:

- (1) EEX_FT_POWER_DWE_CH for Swiss short term power futures
- (2) EEX_FT_POWER_DWE_IT for Italian short term power futures.

Please refer to the table below for the new SMSS Product Group allocation for the Swiss and Italian short term power futures:

Product ID	Name	SMSS Product Group
FC01 – FC34	Swiss Base Day Future	EEX_FT_POWER_DWE_CH
FCW1 – FCW5	Swiss Base Weekend Future	
FD01 – FD34	Italian Base Day Future	EEX_FT_POWER_DWE_IT
FDW1 – FDW5	Italian Base Weekend Future	

All members assigned to the SMSS Product Group EEX_FT_POWER_DWE_EURO will be automatically assigned to both new product groups. All other product setups will remain unchanged. Furthermore the setup in EUREX is not affected.

Detailed information on the product setup is provided in the ECC Clearing Specification and in the ECC Contract Detail File, which are available for download on the ECC website.
