

Unavailability EUREX Classic Simulation

ECC informs all Clearing Members and Non-Clearing Members that the Simulation environment of EUREX Clearing Classic System will not be available **between 30 July and 10 August 2018**.

During this time it will not be possible to access the EUREX Classic Clearing System in Simulation for test purposes. This restriction applies to all related services, e.g. FIXML and reports that are related to Clearing as well.

All other systems and services will remain available. Participants using the trading system T7 for testing should take notice that no transactions are forwarded to the EUREX Classic Clearing System and will not be available, even after the unavailability period.

ECC asks all Clearing Members and Non-Clearing Members to consider this time window in their test schedules.
