

22 November 2018 as a new Go Live Date for Trading System Migration from EuroLight® to M7 for EPEX GB Continuous Market

We would like to inform you that the change in the Continuous trading system from EuroLight® to M7 is rescheduled to ensure the robustness of the M7 trading platform.

The first Trading Day for the GB Continuous Trading in M7 will be **22 November 2018** subject to a successful implementation and testing.

No changes are necessary and no further activities are needed as limits will remain in the EuroLight® system and can be maintained in the ECC Member Area until the day of migration.

For details and technical changes related to the migration of Trading System from EuroLight® to M7 all Clearing Members and Non-Clearing Members of the GB Market are advised to consult the Clearing Circular 47/2017 and 44/2018.
