

# Hallo Leipzig.

**Hello from ECC**, the leading clearing house for energy and commodity products in Europe. As part of EEX Group, we have our roots in Leipzig\* and 16 offices worldwide. We provide security for our customers, by ensuring the physical and financial settlement of transactions for EEX Group and further partner exchanges. Why are we so successful? We are a team of individual experts that drive forward exciting projects while sharing experiences, celebrating success and creating memories, together. With you as:

## Expert IT Project Management (f/m/d)

### Your tasks:

You will be responsible to direct and manage the entire lifecycle of technical and functional, local and international projects of varying sizes and complexity following the PRINCE2® methodology in an agile environment. It is important that you identify and proactively manage project risks and issues, project dependencies and critical path, changes in project scope, and devise contingency plans. Furthermore, you will work with resource managers to identify and acquire the required project personnel from within the company or determine and assess the need for additional staff and/or consultants. An additional task will be to develop and maintain close and effective working relationships with senior stakeholders to ensure that clear communication lines are established and maintained. Your personal skills to coach, mentor, motivate and supervise project team members is needed as well as to encourage them to take positive action and accountability for their assigned work. After all, we value the exchange of ideas, being there for each other and encouraging each other to become better. We call it: the exchange mindset.

**You have made it this far – together with us you can go further: Please send your job applications to Michael Schur at [jobs@ecc.de](mailto:jobs@ecc.de) or have a look online at [ecc.de](http://ecc.de) > Career. You are welcome at any time.**
